

City of Three Rivers Maintenance Position

Description

The City of Three Rivers, Texas is seeking a Maintenance Worker for the Maintenance Construction Repair Department. This position performs a variety of duties in support of the City's public works functions including water operations; wastewater operations; drainage maintenance; street maintenance, other duties as assigned.

Under general supervision, employees in this position will perform a wide variety of general labor and maintenance of city streets, drainage, water, and wastewater infrastructure in accordance with all safety regulations and procedures. This may include infrastructure maintenance and repair activities including heavy manual labor, operating light and heavy equipment and participating in utilities field activities in a safe and effective manner. This position will assist with all public works related activities and tasks as required.

Requirements

This position requires a high school diploma or GED and driver's license. Entry level position, previous experience is preferred but not required.

The successful candidate must be willing to be a collaborative member of a team. The candidate must be able to perform tasks with accuracy and completeness; interpret and apply federal and state regulations related to public works; handle a variety of tasks including labor in all weather conditions; be available for after-hours and weekend call; and clear a post-offer physical, drug test and criminal background check. Starting pay is \$11.50 per hour plus excellent benefits. Application can be obtained at City Hall located at 105 N. Harborth, PO Box 398, Three Rivers, Texas 78071 or call 361-786-2528. Applications will be received until position is filled. The City of Three Rivers is an equal opportunity employer.
